“Arise” she said, “Just leave your things,  
Let’s just see what movement brings,  
For I’m asking you to follow me,  
To let it go and just to be”

With those words Joanna simply began,  
To lead us all, woman and man,  
In collective movement of our group,  
A most unlikely Orange Show troupe.

First face the east and raise your hands,  
And see what eastern fate demands,  
It is here the sun commences each day,  
A new beginning, perhaps a new way.

Then look to the north and become wise,  
Ancestral wisdom is here the prize,  
I offer my hands to pull knowledge in,  
I complete the circle and begin again.

And then to the west for vision and dreams,  
Just reach on out and grab the sun’s beams,  
I pull the universe deep inside,  
And on that energy, I will ride.

And then to the south for warmth and love,  
My heart caressed by a velvet glove,  
My arms fly up and pull it all in,  
And then back to the west to again begin.

And then I become a stately pine,

Arms overhead I'm feeling fine,  
And then an eagle with wings spread,  
Eyes looking out for what's ahead.

And then we are asked to move as one,  
The murmuration has just begun,  
Where Joanna leads, we will go,  
Today we just follow and go with the flow.

So welcome to Earth church,  
Pull yourself up a pew,  
Here we try to instill  
Earth knowledge in you.
