

For the carbon dioxide must exit our air,  
That we can get smart I offer a prayer.

We need to combine spirituality and money  
On this I am serious – not being funny,  
Restoring and enhancing nature's cycles  
Let's work on it ya'll – put aside other trifles.

And when watching the sparrow called Savannah  
I wanted to stand up and scream out "hossannah"  
For that day I met hope and embraced it whole  
And secured it deep within my soul.

So welcome to Earth Church  
Pull yourself up a pew  
Say a prayer that hope  
Will embrace you too.
